Chapter 1. Verb Tenses – Talking About Time

English changes the verb to show when something happens: now, before, or later. At this level, four simple tenses cover almost everything you need.

Tense	Form	Use
Present Simple	subject + verb (+s)	habits, facts, routines
Present Continuous	am/is/are + verb-ing	happening right now
Past Simple	verb + ed / irregular form	finished actions
Future Simple	will + verb	plans, predictions

3 Examples

- *I work in an office.*
- *She is cooking dinner right now.*
- *We watched a movie last night.*

Tip: To talk about the future, just add "will" before any verb — no extra rules to learn.

Chapter 2. Prepositions – at, in, on

Prepositions tell us where or when something happens. These three are the most common.

Preposition	Use	Example
at	exact time or place	at 6 o'clock, at home
in	months, years, big places	in July, in London
on	days, dates, surfaces	on Monday, on the table

3 Examples

- *The meeting is at 9 a.m.*
- *My birthday is in September.*
- *The keys are on the desk.*

Chapter 3. Adverbs – How, When, Where

Adverbs usually describe a verb — they tell us how, when, or where an action happens. Many end in "-ly".

Type	Question	Example
Manner	How?	She sings beautifully.
Time	When?	I will call you later.
Place	Where?	Put the box here.

3 Examples

- *He drives carefully.*
- *They arrived yesterday.*
- *She looked everywhere for her keys.*

Chapter 4. Comparing Things – Adjectives

Use comparatives to compare two things, and superlatives to compare three or more.

Type	Rule	Example
Short adjectives	add -er / -est	tall → taller → the tallest
Long adjectives	more/most + adjective	expensive → more expensive → the most expensive
Irregular	learn by heart	good → better → the best

3 Examples

- *My car is faster than yours.*
- *This is the most beautiful beach I've seen.*
- *Today is worse than yesterday.*

Chapter 5. Possessive 's – Showing Ownership

Add 's to a noun to show that something belongs to someone. For plural nouns ending in -s, add only an apostrophe (').

3 Examples

- *This is Anna's phone.*
- *The dog's bowl is empty.*
- *My parents' house is big.*

Chapter 6. Possessive Pronouns

These short words replace "my/your/his..." plus a noun. They stand alone in the sentence.

Adjective	Pronoun
my	mine
your	yours
his	his
her	hers
our	ours
their	theirs

3 Examples

- *This book is mine.*
- *Is that bag yours?*
- *The red car is theirs.*

Chapter 7. Linking Words – Joining Ideas

Linking words connect two sentences or ideas so your English flows smoothly.

Word	Use
and	adds information
but	shows contrast

Word	Use
because	gives a reason
so	shows a result

3 Examples

- *I like tea and coffee.*
- *She is tired, but she keeps working.*
- *He stayed home because it was raining.*

Chapter 8. The "-ing" Form (Gerund)

A verb + "-ing" can act like a noun. It's used as the subject of a sentence, after prepositions, and after certain verbs.

3 Examples

- *Swimming is good exercise.*
- *I enjoy reading before bed.*
- *She is good at cooking.*

Chapter 9. Verbs That Become Adjectives

Some past-participle forms (v3) describe how a person feels. The matching "-ing" form describes what causes that feeling.

3 Examples

- *I am bored. / This movie is boring.*
- *She is interested. / The book is interesting.*
- *We are tired. / The trip was tiring.*

Chapter 10. Nouns as Adjectives

A noun can describe another noun without changing its form — the first noun tells us what type or category.

3 Examples

- *a coffee cup*
- *a football match*
- *the bus station*

Chapter 11. Everyday Verbs at Work

Simple, useful verbs for basic workplace situations.

3 Examples

- *I send emails every day.*
- *We meet the team on Monday.*
- *She helps new employees.*

Chapter 12. Synonyms – Different Words, Same Idea

Synonyms are words with a similar meaning. Learning a few makes your English sound richer.

3 Examples

- *happy = glad*
- *big = large*
- *start = begin*
